Dear Sir or Madam:

Please find attached the above referenced application for your review and approval. This is a new form and is not intended to replace any form previously approved by your Department. This form is intended for use with policy form number AV1056 101 182 1203, approved by your Department on 01/13/2004.

The product used with this application will be marketed on a direct response basis. The customer contacts the company and requests a "kit". The kit is then sent to the customer with a complete set of forms, including the appropriate replacement documents. If a replacement is intended, the customer completes the replacement documentation and returns it with the application. Please note there is no agent signature on the application as the client completes the appropriate documentation and submits it to the Company without solicitation.

We have attached a Statement of Variability that outlines the items that are bracketed. Please note that due to the variability of the language on this application the pagination may vary based on what is included in this application.

This application is used with a variable annuity which is an SEC registered product. Therefore, a Flesch Readability Certification has not been attached as a flesch reading ease score is not required.

Please note the paper and font of the attached application may change in the future. You have our assurances the form will contain the same language as approved by your Department. This form will be printed and be made part of any policy issued.

We would appreciate your review and subsequent approval of the attached form.

Sincerely,
